BRITISH LEGAL TECHNOLOGY FORUM 2023

10TH MAY 2023

OLD BILLINGSGATE • LONDON

AN EVENT BY NetLawMedia

EVENT PARTNER TESSIAN

EUROPE'S LEADING LEGAL IT EVENT

BRITISH LEGAL TECHNOLOGY FORUM 2023

As Europe's leading legal technology conference and exhibition, The British Legal Technology Forum 2023 will bring together the most respected professionals from both the legal and commercial technology sectors to examine and explore the systems, strategies, processes and platforms that will drive law firms and legal businesses into the next decade and beyond.

BRITISH LEGAL TECHNOLOGY FORUM 2023

Returning to London on Wednesday, 10th May 2023, The Annual British Legal Technology Forum 2023 will welcome an estimated 1,200 visitors from the world of law, legal technology and IT security.

Following on from the sold out success of the 2022, 2021, 2020, 2019, 2018, 2017, 2016 & 2015 events, the British Legal Technology Forum 2023 will be held over 2 floors whilst featuring; A prestigious Champagne Bar, Ale Bar, Gin Bar, Terrace Seating Area, Coffee Points and an Exclusive After Party for Delegates, Speakers and Sponsors.

With four presentation areas including a large capacity main stage, the British Legal Technology Forum will deliver multi-stream conference sessions, keynote presentations, panel discussions, knowledge sessions, interviews, debates and interactive demonstrations. In addition, the British Legal Technology Forum will also offer over 2,500 square metres of exhibition space with over 90 of Europe's best known technology suppliers showcasing a wide range of new and upgraded systems as well as the finest technology available to law firms and legal businesses.

The British Legal Technology Forum is produced by Netlaw Media, the leading legal events and media organisation behind the 'sold out' success of major law events including the London Law Expo, the European Legal Security Forum, the Strategic Leadership Forum and the LawTech Futures series of events.

THE PROGRAMME FOR 2023 WILL EXPLORE:

- Is LegalTech Ready forThe Metaverse?
- Low Code vs No Code
- 5G in Professional Services – A Change for The Better?
- The Evolution of The Legal Chatbots
- Online Dispute Resolution
- Intelligent Automation Versus Automating Intelligently
- Managing the Cloud – The Evolution of The Hybrid Law Firm

EVENT CHAIRMAN

BRITISH LEGAL TECHNOLOGY FORUM 2023

PROF. RICHARD SUSSKIND OBE

President, Society for Computers and Law

Professor Richard Susskind OBE is an author, speaker and independent adviser to international professional firms, general counsel, judiciaries, and national governments. His main area of expertise is the future of legal service, with particular reference to the impact of information technology. He has specialised in legal technology since the early 1980s and his views have influenced a generation of lawyers and legal technologists around the world.

He has written numerous books, including Expert Systems in Law (Oxford, 1987), The Future of Law (Oxford, 1996), Transforming the Law (Oxford, 2000), The End of Lawyers? (Oxford 2008), Tomorrow's Lawyers (Oxford, 2013), and (co-author, Daniel Susskind) The Future of the Professions (Oxford, 2015).

Richard is President of the Society for Computers and Law and, since 1998, he has been IT Adviser to the Lord Chief Justice of England and Wales. From 2003 until 2008, he was Chair of the UK's Advisory Panel on Public Sector Information (a non-departmental public body set up by the Cabinet Office in 2003, and now part of the Ministry of Justice). He is Chair of the Advisory Board, and Visiting Professor in Internet Studies, at the Oxford Internet Institute in the University of Oxford. Richard is also Chair of the Online Dispute Resolution Group of the Civil Justice Council of England and Wales, Special Adviser to the Canadian Bar Association, and IT Adviser to the Jersey Legal Information Board.

Richard is an Honorary Professor at the Law School in University College London, Emeritus Law Professor at Gresham College in London, and a part-time law professor at the University of Strathclyde in Glasgow.

Richard has a first class honours degree in law from Glasgow University and a doctorate in law and computers from Balliol College, Oxford. He is a Fellow of the British Computer Society and a Fellow of the Royal Society of Edinburgh. He was awarded an OBE in the Millennium New Year's Honours List by Her Majesty the Queen for services to IT in the Law and to the Administration of Justice.

KEYNOTE SPEAKER

BRITISH LEGAL TECHNOLOGY FORUM 2023

STEVEN BARTLETT

Entrepreneur, Bestselling Author
& Host of 'The Diary Of A CEO' Podcast

Steven Bartlett is the 30-year-old Founder of the social media marketing agency Social Chain. From a bedroom in Manchester, this university drop-out built Social Chain Agency, which would become "Social Chain AG" - a social commerce marketing group. He led Social Chain AG as Co-Founder & Co-CEO's with Wanja Oberhof until he stepped down in 2020 to pursue other interests. The marketing-commerce group reached a market valuation of more than $600m and is currently listed on a European stock exchange.

Steven Bartlett is a speaker, investor, author, content creator and the host of Europe's No.1 podcast, 'The Diary of a CEO'. In 2021 Steven released his debut book 'Happy Sexy Millionaire' which was a Sunday Times best seller.

Steven is particularly focused on inspiring a new generation of entrepreneurs and creators from a BAME background.

Steven has invested in and joined the board of Huel, which is the UK's fastest growing e-commerce company internationally. He's also invested in, and taken a role as an advisor in Atai life sciences - a biotech company working to cure mental health disorders. Other investments focus on blockchain technologies, biotech, space, Web 3 and social media.

Steven has has invested in Flight Story & Third Web.

Flight Story is a company focused on building resilient retail investor communities around great public companies. Third Web is a platform that makes it easy to build web3 applications.

At just 30 years old, he is widely considered one of Europe's most talented and accomplished young entrepreneurs and philosophical thinkers.

Steven joined Dragon's Den from Series 19 in January 2022, as the youngest ever Dragon in the Show's history. The hit TV show is retuning January 5th 2023.

WATCH LIVE

on the The 'Egress' Main Stage at 16:00

STAGE OVERVIEWS

THE 'EGRESS' MAIN STAGE

Led by Professor Richard Susskind KC, OBE, will explore the growth of the Big 4 and how clients now see innovation.

In addition, the stage will explore how the current climate is changing the face of firms and the needs of clients at an accelerated pace. Key thought leaders, will additionally evaluate the status of VR and Augmented reality and there true value for the profession within the 4th Industrial revolution.

The 2023 agenda lead by Prof Richard Susskind, will delve into the technological landscape, including how the legal sector needs to truly understand their new hybrid culture, and how data and client services has transformed for a more collaborative future.

CHAIRED BY:

PROF. RICHARD SUSSKIND OBE

President, Society for Computers and Law

THE 'IRON MOUNTAIN' LOUNGE STAGE

Chaired by Christina Blacklaws, CEO, Blacklaws Consulting, will explore the current state of the Legal Technology landscape within the UK and International markets and why investment into this sector is is now essential for survival through the challenging climate ahead.

The sessions will explore the necessity of creating a single point of truth and reference, to streamline multiapplication' s for true business visibility and business continuity. In addition, embedding critical digital upskilling of firm lawyers to meet the exponential growth in client demands.

The Lounge stage, will continue to dissect the challenges faced by legal management from client requests, and how teams can support the client transformation journeys in a climate where the war for talent is at its precipice.

Speakers will also review the regulation of LegalTech to drive competitiveness, whilst challenging past and current status quos and delivering unbiased and true transformational change.

Managing Director,
DigitalLawUK

THE 'QUORUM CYBER' FUTURE-TECH STAGE

Chaired by David Fazakerley, Director of IT, Saffery Champness, will look at the future technologies, systems and processes, which are shaping and accelerating digital transformation across the national and global legal profession.

The sessions will explore the future of technology and the evolving ramifications of the Metaverse on the legal profession. Featuring breakthrough conversations surrounding advanced AI chatbot technology such as ChatGPT, Google Bard and Machine Learning. The Speakers will also explore the evolving threat landscape, including the widespread rise of social engineering fraud. In addition, the chair will dissect client-centric design and delivery with leading legal IT suppliers and clients alike.

Delving into the next generation of law and AI, forward-thinking sessions will highlight the advancements being made, and what is being achieved for the legal community of tomorrow. Speakers will share research and insights into responsibly designed advancements in new CRMs and more, whilst revisiting the future of the profession and how current research is influencing industry legislation.
